

Resource List 2017 – Year 9

All textbooks and most materials are supplied to students as part of the school's Textbook and Resources Hire Scheme. Students are required to supply their own stationery requisites and are responsible for replacing any lost or damaged textbooks or school materials. In certain subjects, students will take home finished products where a material cost has been incurred.

An Invoice covering the Textbook and Resources Hire Scheme contribution (\$250) together with Subject Charges (as outlined below) will be mailed in the first few weeks of the school year. The costs for additional excursions may occur throughout the year for a variety of subjects and will be invoiced separately.
