

MALANDA SHS

'A Place to Excel'

Malanda High is a school of distinct quality. There is something special in the way our relatively small rural high school consistently achieves above average results. These achievements stand out – and our school community is very proud of that. With a focus on high quality teaching and learning, we believe that academic excellence at our school is evident when every student successfully achieves the very best they can. A culture exists here where success is something to be proud of, whether it is found in a sporting arena, on a stage, or in a classroom.

Charter of Expectations for our school:

1. The school has a culture of care and of high expectations, inside and outside the classroom, characterised by:
 - All students matter, every day; and all students can achieve high academic results.
 - Practices within the school enhance the learning climate and tone, and in particular reflect the three Malanda High principles of Learning, Respect and Safety.
 - Feedback for learning is valued and practised at all levels.
2. Curriculum delivery is underpinned by highly effective explicit teaching.
3. There is a high level of community engagement and support.
4. There are strong and collaborative relationships between parents, teachers, other staff, and future employers.
5. School leaders actively coach and support teachers in their skill development.
6. All staff actively participate in professional development so as to keep informed of curriculum changes and ways to engage students in learning processes.
